Today is the day when the Xuan Ji Sect opens its door to accept disciples which happens only once in a decade.
Young people travel ten thousand miles, just to pass the test and to become an immortal.

Beast Spirit Summit, Talisman Spirit Summit, Sword Spirit Summit, Tools Spirit Summit , Spell Spirit Summit and Pellet Spirit Summit, are refered to as the Six Summits of Xuan Ji.
Each Summit specializes on different things, which are taming beasts, making talismans, sword training, refining tools, forming spells and concocting pellet

Note: I guess it might be a better word for "Pellet Spirit Summit". It's kind of confusing. Is it pellet as in animal feed pellet or as in bullets used in air guns? Though the context seems to indicate that it's animal feed pellet. I thought that it'd be better to make it clear by adding a note
